**PETITION TO WITHDRAW HOLDING OF ABANDONMENT BASED ON
FAILURE TO RECEIVE OFFICE ACTION**

Sir:

Pursuant to MPEP section 711.03(c) II, the Applicants respectfully petition to withdraw the Holding of Abandonment of the above-referenced application and to resend a Notice of Allowance as well as other relevant communications because a Notice of Allowance for this application was never received by the Applicants or the current Attorney of record.

The above referenced application was filed on January 8, 2002 by attorneys at the law firm of Fitch, Even, Tabin & Flannery [hereinafter "FETF"]. In response to an Office Action dated April 10, 2003, Applicants, through their attorneys at FETF,

filed a "Response to Office Action" on September 9, 2003 requesting reconsideration of the application. On December 5, 2003, Applicant's Attorney, Richard Kaba (Reg. No. 30,562), held a telephonic interview with Examiner Lien T. Tran during which agreement was reached on allowable subject matter. After the telephonic interview, the next Office communication received from the United States Patent and Trademark Office was a Notice of Abandonment dated April 26, 2004 for failure to timely pay the issue fee.

Applicants respectfully submit that a Notice of Allowance or any other communications relative to the telephonic review or the Notice of Allowance were never received by FETF. Indeed, the next communication received by Applicants was the Notice of Abandonment dated April 26, 2004. In accordance with MPEP § 711.03(c) II, Applicants' undersigned attorney attests that a search of the application file, file jacket, and docket records was made and that a Notice of Allowance or any docketing notation in regards to a Notice of Allowance was not found. Consequently, the absence of such docketing notation indicates that a Notice of Allowance was never received. In accordance with the docketing procedure at FETF, all Office communications and correspondence received from the U.S. Patent and Trademark Office are hand written on a docket which appears on the application file jacket (Attachment One) and entered into a computerized docket system (Attachment Two). As indicated by these two attachments, if a Notice of Allowance was received, an entry noting the Notice of Allowance would have been made sometime after the September 9, 2003 docketed response on the file jacket or an Issue Fee due date would have been posted in the List of Actions due on the computer docket printout.

Additionally, a prosecution calender is prepared for each upcoming month that provides a list of responsive actions due for each calendar day for every matter

docketed by FETF. The Patent Application Information Retrieval database, which was accessed on May 11, 2004 (after receiving the Notice of Abandonment), indicates that the Notice of Allowance was mailed on December 10, 2003. Consequently, if the Notice of Allowance was received, the FETF prosecution calendar would also have indicated that an Issue Fee was due on March 10, 2004 (i.e. three months from the date on the Notice of Allowance) for this application under FETF docket number 72847. No such notice or indication regarding this case was found in a review of the relevant calendar.

As further support that the Notice of Allowance was not received, the Patent Application Information Retrieval system also indicated that a Request for Formal Drawings, an Examiner's Interview Summary (PTOL-413), and an Examiner's Amendment were also mailed on December 10, 2003. The search of the file jacket and docket records for this application further indicated that such other documents sent concurrently with the Notice of Allowance were also not received.

As a result, Applicants respectively request that the Holding of Abandonment be withdrawn and that a new Notice of Allowance be mailed.

Respectfully submitted,

FITCH, EVEN, TABIN & FLANNERY
